 Financial Performance: Transparency & accountability.	15
 Future Plans for 2025: Scaling our programs for greater reach & sustainability.	19
 Call to Action: Join us in building a stronger, more inclusive Liberia.	22

MESSAGE FROM THE CEO

Dear Partners, Supporters, and Friends,

2024 has been a year of impact, resilience, and growth for BDI. We advanced women's empowerment in agriculture, conducted the GIZ Household Affordability Survey, and expanded menstrual health initiatives, ensuring hundreds of schoolgirls received essential support. Our founding membership in the Global Mangrove Alliance reinforced our commitment to environmental conservation, and our expansion into Sinoe County broadened access to agriculture, health, and education programs.

Despite financial constraints and project delays, we strengthened partnerships, enhanced resource mobilization, and refined our strategies. In 2025, we will scale agribusiness programs, expand health initiatives, leverage technology, and diversify funding sources to enhance sustainability.

This progress would not be possible without our donors, partners, volunteers, and dedicated team. Your unwavering support fuels real change. Together, we are building a stronger, more inclusive Liberia.

With gratitude,

Katherina M. Hopkins
Founder & CEO
BASA Development Initiatives (BDI)

Who We Are

BASA Development Initiatives (BDI) is a Liberian non-profit organization dedicated to empowering women, youth, and underserved communities through sustainable development programs. Founded in 2021 and legally registered in 2022, BDI has rapidly evolved into a leading grassroots-driven organization that fosters economic empowerment, education, environmental conservation, and social equity across Liberia.

At BDI, we believe that true development is community-led. We work directly with local stakeholders to implement high-impact programs in agribusiness, gender empowerment, education, health and nutrition, and environmental sustainability, ensuring that every intervention is inclusive, sustainable, and transformative.

OUR MISSION

To empower women and youth in Liberia by creating sustainable opportunities that reduce poverty and drive community-led development.

OUR CORE VALUES

- ✓ **Integrity** – Transparency & accountability in all we do.
- ✓ **Inclusiveness** – Ensuring marginalized voices are heard.
- ✓ **Sustainability** – Long-term solutions for lasting change.
- ✓ **Collaboration** – Strong partnerships for greater impact.
- ✓ **Innovation** – Creative solutions for community development.
- ✓ **Empowerment** – Equipping women & youth with skills for self-reliance.

Where We Work

BDI operates in rural and urban areas across Liberia, with a particular focus on:

-  **Southeastern Liberia** – The least developed region, where poverty, malnutrition, and socio-economic challenges are most severe. Our regional office in Sinoe County was opened in 2024 to expand our reach and community-based interventions.
-  **Western & Central Liberia** – BDI is committed to strengthening agricultural productivity and economic opportunities in Western and Central Liberia by enhancing agribusiness training programs, improving access to markets, and supporting smallholder farmers.
-  **Urban & Coastal Communities** – Liberia's urban and coastal communities face increasing environmental challenges, including coastal erosion, waste management issues, and rising unemployment among young people. In response, BDI has designed targeted interventions to promote climate resilience and job creation, ensuring that these communities thrive in a sustainable manner.

Our Impact So Far

 **600+ farmers trained** in agribusiness & climate-smart agriculture.

 **1,000+ youth & women empowered** through education & mentorship programs.

 **Environmental conservation initiatives** launched through Global Mangrove Alliance.

 **Research & policy engagement** conducted to influence national development strategies.

 **500+ schoolgirls** provided with menstrual hygiene products & education.

 **EU-funded agriculture financing research** conducted in **5 rural communities**, informing rural development policies.

2024 at a Glance

BDI made meaningful strides across its programs. We strengthened strategic partnerships, expanded our regional reach, and continued advocating for policies that improve the livelihoods of women and youth in Liberia.

🚀 **1,131 households** were surveyed in the GIZ Household Affordability Study.

🚀 **600+ farmers** trained in agribusiness and sustainable farming practices.

🚀 **500+ schoolgirls** provided with menstrual hygiene products & education.

🚀 **300+ women** engaged in agriculture advocacy & policy discussions.

🚀 **BDI expands** into Sinoe County to increase service delivery.

🚀 **Strategic partnerships strengthened** in energy, climate action, and agriculture.

2024

Program Impact & Success Stories

In 2024, BDI implemented high-impact programs in agriculture, education, gender empowerment, and environmental conservation, touching many lives across Liberia. These programs not only provided immediate support but also built long-term resilience in the communities we serve.

Empowering Women in Agriculture

-  **300+ women farmers** engaged in policy discussions on land rights, access to finance, and agribusiness training.
-  **Advocacy efforts** influenced national conversations on gender-inclusive agricultural policies.
-  **Community-led agribusiness training** sessions equipped women with farming and market access skills.

Ruth's Journey to Financial Independence

"Before joining BDI's Women in Agriculture program, I struggled to sell my farm produce at fair prices. Through BDI's training, I learned market strategies and gained access to better resources. Today, I run a thriving cassava processing business and employ three women in my community." – **Ruth K., Smallholder Farmer, Sinoe County**

Menstrual Hygiene & School Outreach

-  **500+ schoolgirls** received menstrual hygiene products and health education.
-  **Partnered with local schools & health workers** to destigmatize menstrual health issues.
-  **Advocated for policy changes** to include menstrual health education in **school curricula**.
-  **Success Story: Keeping Girls in School**

*"Before this program, I missed school every month because I couldn't afford sanitary products. Now, thanks to BDI's support, I have reusable pads and confidence in managing my health. I no longer have to miss out on learning." – **Aisha M., 15-year-old student, Montserado County.***

GIZ Household Affordability Survey

✚ **1,131 households were surveyed** across **54 communities**, providing critical data on energy affordability in Liberia.

✚ Findings **influenced national energy policy discussions** and supported community-based renewable energy solutions.

✚ Strengthened BDI's **research and advocacy** for sustainable energy access in rural areas.

✚ **Success Story: Powering Change Through Data**

"This survey gave our community a voice. For the first time, decision-makers are hearing our struggles with energy costs. We hope this leads to better solutions for all Liberians." – **Joseph T., Community Leader, Grand Kru County.**

Environmental & Climate Action

- ✚ BDI became a founding member of the **Global Mangrove Alliance** – Liberia Chapter.
- ✚ **Launched climate awareness campaigns** in rural & coastal communities.
- ✚ **Advocated for biodiversity** conservation & sustainable natural resource management.
- ✚ **1,131 households were surveyed** across **54 communities**, providing critical data on energy affordability in Liberia.

📌 Success Story: Protecting Our Mangroves

"Our coastline was eroding, and we were losing farmland. Thanks to BDI's awareness programs, we now understand how to protect our environment. We've started replanting mangroves, and our village is seeing the benefits." – **James K., Farmer & Environmental Activist, Sinoe County**

Financial Performance & Accountability

At BDI, we are committed to financial integrity, transparency, and accountability. Every dollar received is carefully managed to maximize community impact, ensuring that funds are strategically allocated to our programs, operations, and growth initiatives.

During 2024, BDI successfully mobilized resources from grants, partnerships, and local fundraising to sustain and expand our programs, despite facing funding challenges and donor dependency risks.

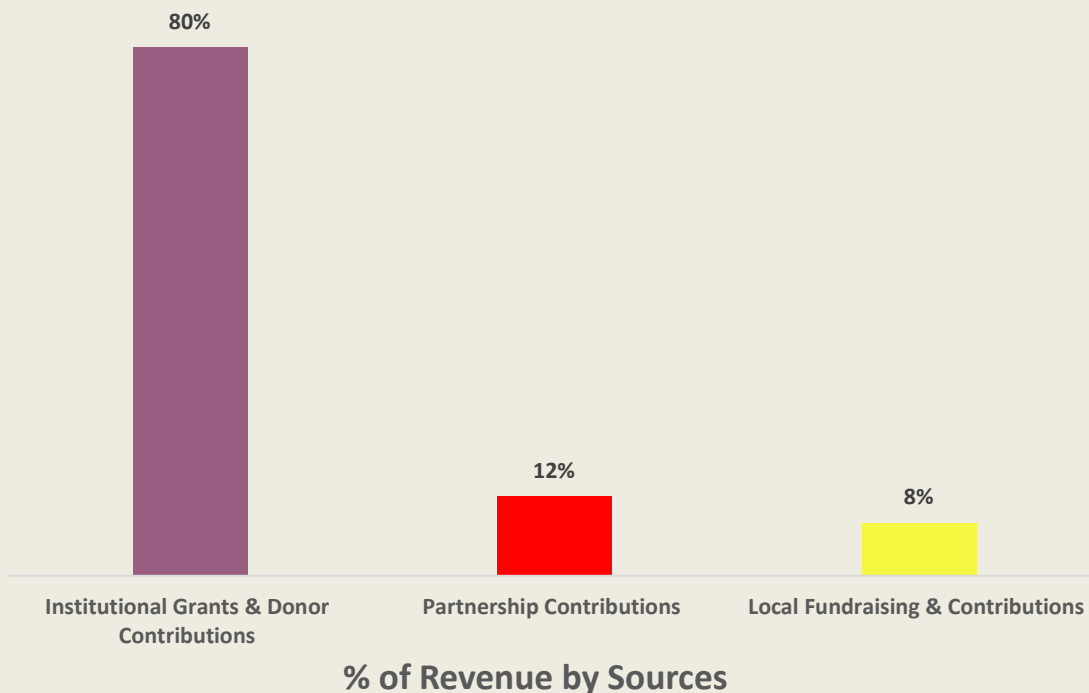

2024 Revenue & Funding Sources

BDI's financial sustainability relies on diverse funding streams, including grants, donor contributions, and local fundraising initiatives. Despite securing key grants, challenges in resource mobilization emphasize the need for greater financial diversification.

IN 2024 Total Revenue: 50,000 USD

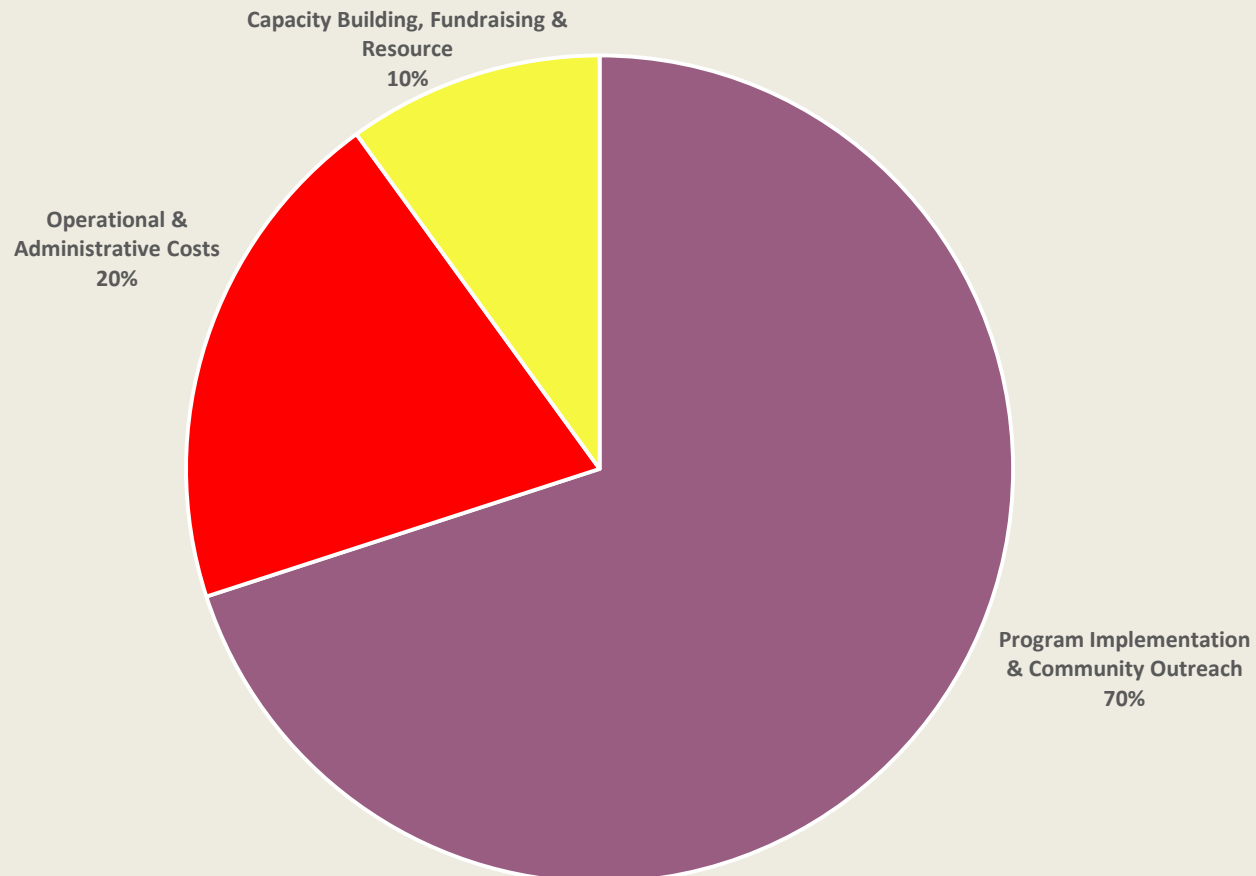

2024 Expenditure Breakdown

BDI ensures that most funds are allocated directly to impact-driven programs while maintaining operational efficiency to sustain long-term growth.

IN 2024 Total Expenditure: \$48,000

Financial Challenges & Risks

- ✚ **Limited Unrestricted Funding:** Most grants are project-specific, reducing financial flexibility.
- ✚ **Delays in Donor Disbursements:** Affected timely project execution and planning.
- ✚ **Fundraising Gaps in Digital Giving:** Limited success in securing online donations & recurring giving models.

Financial Sustainability Strategy for 2025

To strengthen financial resilience, BDI is adopting a multi-pronged sustainability approach:

- ✚ **Diversified Funding Streams** – Expanding corporate sponsorships, private foundations, and government partnerships.
- ✚ **Local Fundraising Strategies** – Launching community-based fundraising initiatives.
- ✚ **Crowdfunding & Digital Giving** – Strengthening BDI's presence on global fundraising platforms.
- ✚ **Social Enterprise Development** – Exploring income-generating activities aligned with BDI's mission.

Commitment to Financial Accountability

At BDI, financial stewardship is a top priority. We adhere to the highest standards of transparency and accountability, ensuring that every dollar spent contributes to our mission.

- ✚ Annual audits conducted by independent financial auditors.
- ✚ Detailed financial reporting to donors, partners, and stakeholders.
- ✚ Compliance with national & international non-profit financial regulations.

Future Outlook & Strategic Priorities for 2025

As BDI moves into 2025, we are committed to expanding our reach, strengthening financial sustainability, and deepening our community-driven initiatives. Building on the successes and lessons of 2024, we will focus on scaling programs, improving operational efficiency, and leveraging technology to enhance service delivery

Key Focus Areas for 2025:

-  **Expanding program reach** – Increasing beneficiaries in agriculture, education, and gender empowerment initiatives.
-  **Enhancing financial sustainability** – Strengthening local fundraising, corporate sponsorships, and grant diversification.
-  **Improving digital engagement** – Leveraging technology for stakeholder engagement, fundraising, and program delivery.

Expanding Programs Impact

Agriculture & Agribusiness

- **Train** 1,000+ farmers in climate-smart agriculture and agribusiness management.
- Develop a farmer-to-market linkage program to improve market access for rural producers.
- Establish community-based agricultural finance initiatives to support smallholder farmers.

Gender & Youth Empowerment

- Train 1,000+ farmers in climate-smart agriculture and agribusiness management.
- Develop a farmer-to-market linkage program to improve market access for rural producers.
- Establish community-based agricultural finance initiatives to support smallholder farmers.

Education & Health Outreach

- Scale the Menstrual Hygiene & School Outreach Program to reach 1,000+ schoolgirls.
- Advocate for improved educational policies focusing on gender equality and school retention.
- Strengthen community health education programs in maternal health, nutrition, and disease prevention.

Environmental & Climate Action

- Expand mangrove and biodiversity conservation programs under the Global Mangrove Alliance.
- Promote sustainable energy adoption through policy engagement and community education.
 - Launch climate awareness campaigns targeting rural and urban communities.

Strengthening Financial Sustainability

To ensure long-term financial resilience, BDI will prioritize:

- Diversified funding streams – Expanding partnerships with corporate sponsors, private foundations, and government agencies.
- Local fundraising strategies – Implementing community-driven fundraising initiatives.
- Crowdfunding & digital giving campaigns – Leveraging technology to expand donor engagement.
- Social enterprise development – Exploring income-generating projects aligned with BDI's mission.

Strengthening Organizational Capacity & Governance

To improve efficiency and effectiveness, BDI will:

- Update its five-year strategic growth plan to align with Liberia's development priorities.
- Invest in staff capacity-building through training, leadership development, and mentorship programs.
- Strengthen internal governance and operational systems to increase accountability and impact measurement.

Expanding Partnerships & Policy Influence

BDI will continue deepening collaborations to advance development priorities through:

- Strengthen policy advocacy efforts to influence government policies supporting rural development, gender equality, and climate resilience.
- Expand cross-sector partnerships with NGOs, private sector players, and multilateral organizations and enhance participation in global forums to elevate Liberia's development challenges on the international stage.

Join Us in Transforming Lives. Your Support Creates Change.

Every child who stays in school, every woman who gains financial independence, and every farmer who thrives is proof that change is possible — but we can't do it alone.

🌍 Your partnership fuels impact.

💡 Your donation empowers communities.

🤝 Your voice drives change.

📣 Stand with us. Together, we can build a stronger, more resilient Liberia where women and youth lead the way toward a sustainable future.
